EXPLAINS RELATION TO RELIEF FUND

Dr. Devine Makes Statement In Regard to Red Cross.

AUDITING SYSTEM ESTABLISHED

Each Dollar of Relief Fund Will Be Accounted for, and So Far as Human Endeavor Can Prevail, Will Be Wisely and Judiciously Expended.

San Francisco, April 30.—Dr. Ed Devine, of New York, representative of the National Red Cross in the relief work in San Francisco, having had four days' experience with conditions prevailing here, at the request of the Associated Press, made the following statement of his observation:

"When I left New York on Thursday, the 19th, we knew only that there had been a serious disaster, but in fact more than half of the disaster occurred after I started. All sorts of rumors reached us enroute as to loss of

life, looting, shooting, panic and death. We heard little or nothing of the efficient organization of citizens appointed by the mayor comprising the best men in the community, acting in conjunction with General Funston and the United States army. As soon as the character of the local organization was understood, President Roosevelt and Secretary Taft recognized that it was the proper channel through which to distribute these large gifts. The task was to co-ordinate, the official and voluntary relief, to make it go as far as possible, to prevent waste and ensure, if possible, that it would be sufficient if the citizens' committee and the local organization of the Red Cross were connected in the finance committee of relief and Red Cross funds. This committee under the chairmanship of James D. Phelan comprises twenty of the best citizens of the community, and had entire charge of the financial end of the work of relief. Direction has been made to all to send all funds to the order of Mr. Phelan.

"The next important step was to arrange the systematic acceptance and distribution of supplies. Fortunately, this post of the army is amply able to cope with this difficulty. With the

termaster, the army receives, unload and transports all the supplies that are received for the relief of the sufferers.

"Officers in charge of the commissary department attend to the work of distributing to the various relief stations scattered through the city.

"The Red Cross is replying to all requests sent us by parties all over the country, wishes to say that we have an abundance of perishable foods and that future contributions would be much better in cash and the finance committee has appointed Mr. W. G. Pollock and myself purchasing agents, under general direction of the committee. While a large amount of money is to be available, the needs of San Francisco are very great, and I would not say a word that would seal the springs of charity or any way check the splendid work that is being done by the people of the east, north, south and west, and every precaution has been taken to proect these funds from waste. The finance committee has established an auditing system in the hands of expert acountants, and all the checks which the most careful merchant would place on his expenditures are now in operation. Each dollar will be accounted for, and so far as human endeavor can prevail, it will be wisely spent."

Japan Is Disappointed.

Tokio, April 30.—Much disappointment is felt here at the United States declining the assistance offered from Japan to the San Francisco victims.

Monuments Withstood Disaster.

San Francisco, April 30.—Bared ruins, walls and drifting dust is not all that is left of the burned district. The monuments at the ends of former busy thoroughfares and vistas still stand calm and beautiful among the wreckage of the city. The earthquake spared them, and the flames swept by them. Not one is injured, except the Dewey column in Union Square. One point of Victory's trident is gone.

Looting Recommences.

San Francisco, April 30.—Colonel F. Maus, of the Twenty-third infantry, who has charge of the Third military district of the city, with headquarters in Portsmouth square is authority for the statement that looting has recommenced in Chinatown, and in the ruins of pawnshops along Kearney street. Much of this work, he says, is being done by sightseers. Already bushels of bronzes, brasses and partly melted jewelry have been carried off. Colonel Maus announces that he will detail a special company to patrol the district and warns sightseers that the new patrol will be instructed to shoot looters.

Will Take Commercial Freight.

San Francisco, April 30.—General Freight Agent Lucey, of the Southern Pacific, announced that freight agents throughout the country had been instructed to resume taking commercial freight for San Francisco.

Chinese Shown Consideration.

Washington, April 30.—Advices received from the Chinese legation in this city indicate that every consideration is being shown the Chinese refugees at San Francisco.

"The reports from our officials are very gratifying." Sir Chen Tung Liang Cheng, the Chinese minister, said today, "and we are very grateful for the attention which our people are receiving."

"Idolatry Better Than No Religion."

Vinal Haven, Me., April 30.—Bishop David H. Moore, of Oregon, in an address to the East Maine Methodist conference here Friday said "that idolatry is better than no religion. Anything that causes a man to recognize and pray to some power outside of himself is better than no religion at all." He also said "that the Chinaman is the coming colossus. He looms on the horizon like a giant."

Holmes Pleaded Not Guilty.

Washington, April 30.—Edwin S. Holmes, Jr., former statistician of the department of agriculture, who has been indicted for conspiracy in connection with the cotton leak cases appeared in criminal court and pleaded not guilty to the indictment. He was granted the privilege of withdrawing the plea within fifteen days and demurring to the indictment. His bail was continued.

HELD FOR MURDER OF HIS PRETTY WIFE

Wife Died Suddenly And Analysis Showed Poison.

DEATH WAS CAUSED BY ARSENIC

Faith Cure Doctors Attended the Woman—Later, When Regular Physicians Were Summoned, Evidences of Poison Were Detected.

Cambridge, Mass., April 30.—The Cambridge police Friday night issued a warrant for the arrest of Erich Muenter, an instructor in German, at Harvard university, on a charge of murdering his wife in this city about two weeks ago. It is alleged that Mrs. Muenter's death was caused by arsenic. The body was taken to Chicago on April 17th, but the case was not made public until Saturday.

Muenter was born in Germany. He formerly taught school in Chicago and before coming to Harvard, less than two years ago, he was instructor at the university of Kansas, at Lawrence, Kans.

Muenter is 35 years old, his wife was formerly Miss Leona K. Krembs, of Chicago.

The attention of the authorities was called to the case just after the woman's death. Ten days before that time a child was born to Mrs. Muenter, who was attended by a faith cure doctor and by two nurses of the same belief. Some time after the child was born, two regular physicians, Drs. Taylor and McIntyre, were called. Both decided by Mrs. Muenter was suffering from some ailment of the stomach. They prescribed for her, but later it is alleged withdrew because they ascertained their directions were not being followed.

Muenter applied to Dr. McIntyre for his signature to the certificate of death, but Dr. McIntyre decided that the case needed investigation, and notified the medical examiner who performed an autopsy and sent the stomach to Professor W. F. Whitney, of the Harvard Medical school. Muenter and the two nurses were then permitted to take the body to Mrs. Muenter's former home in Chicago. The party left Cambridge April 17.

Saturday a report of the analysis of the stomach was received by Medical Examiner Swan. Professor Whitney reported that he had found marked traces of arsenic and District Attorney Sanderson notified the Cambridge police.

A warrant for Muenter charging him with the murder of his wife was issued and the Chicago police have been notified to hold the man if he can be found.

Russian Loan Successful.

Paris, April 30.—The Russian loan has proved even more successful than anticipated, although the bank of France and other participants says that several days must elapse before the definite results are known. According to the first figures the allotments will be one and a half times the amount allowed. The reason for the popularity of the loan was the small per centage of the subscriptions immediately payable and the excellent rate of interest. This induced all classes to make large subscriptions.

Spoke on Woman's Suffrage.

London, April 30.—Speaking at Lowtshaw Friday evening James Keir-hardie, the originator of the woman suffrage in the house of commons, said he was confident that if a disturbance had not occurred, the motion would have overwhelming carried.

$13,000,000 Is Appropriated.

Washington, April 30.—When the senate met Saturday a bill providing for the purchase of land in Washington for sites for buildings for the department of state, justice and commerce, was passed. It appropriates $13,000,000.

Minister of Public Works Dead.

Berlin, April 30.—General Von Budde, the Prussian minister of public works, who has been suffering from cancer for some time past, died this morning.

SHERIFF FATALLY WOUNDED.

Alleged Slayer of Policeman Halon, of Oregon City, Makes Escape.

Woodburn, Ore., April 30.—Frank Smith, the alleged slayer of Policeman Halon, of Oregon City, and an escaped prisoner from the city jail at Portland, early Saturday shot and fatally wounded Sheriff J. S. Shaver, of Clackamas county, and seriously injured Captain O. D. Henderson, of company D, Oregon national guard.

The posse that has been pursuing Smith for three days, surrounded him in the outskirts of Woodburn in a clump of bushes about dark last night.

During the early morning hours Smith made a sudden dash from the bushes and gained the railroad where he ran almost headlong into a party of the posse, consisting of Captain Henderson, Sheriff Shaver, Sheriff Culver, of Marion, and two or three others.

Henderson commanded Smith to throw up his hands and Smith responded by opening fire with a revolver at a distance of six feet. Henderson fell almost at the first shot and Shaver a moment later.

Before the others realized what had happened, Smith darted into a nursery close to the track.

The remainder of the posses hurriedly surrounded this place, where it is believed Smith still is in hiding.

Child Burned To Death.

Meridian, Miss., April 30.—Sallie Howell, four years old, with a number of playmates, crawled under the residence of her parents in East End, having secured a number of matches from the kitchen. While under the house, the little tot set fire to her clothing. The mother was attracted by the child's screams, and hastened to her relief, but was unable to crawl under the building with any degree of success, being compelled to watch her child slowly burn to death while she frantically endeavored to reach her. The clothing was burned from the child's body, and the flames inhaled by the victim. Death resulted after one hour of terrible suffering by the badly burned child.

Warmer Does Much Scoring.

Atlantic City, April 30.—At the New Jersey Bankers' association meeting here, Hon. J. R. Van Warmer, of the Lincoln Safe Deposit company, of New York, scored the "man with the muck rake." He denounced certain classes of journalism, the labor leader and the Socialistic agitator. His answer was "Is this country in danger of becoming Socialistic?" His answer was in the affirmative. He declared that the "labor trust" must stop talking about big corporations and that the corporations must see that this "trust" does stop.

Two Negro Children Burn.

Macon, Ga., April 30.—A search by the coroner here revealed the death of two negro children in a fire which destroyed the residence of Sam Hutchins, a negro farmer near the Virgin place, north of Macon. The parents had locked the children in the home and went to a field a mile distant. At the noon hour they returned to find the house almost destroyed by fire, the children being cremated alive. It was supposed that the children played with matches and set the house on fire. Hutchins is a well-to-do negro owning his place.

Report on Beet Sugar Industry.

Washington, April 30.—President Roosevelt has transmitted to congress the annual report on the beet sugar industry of the United States for the year 1905, prepared by Special Agent Taylor, of the department of agriculture. The report says the acreage of 1905 was 387,364, with an average yield of 8.67 tons per acre. The aggregate manufacture was 312,930 short tons, or 625,841,226 pounds.

Thirty Drowned in Collision.

Hiroshima, April 30.—The British steamer Haversham Grange, having on board three thousand Russian troops, bound from Vladivostok for the city of Odessa, arrived here Saturday, and reported having in collision in the straits of Malacca with the Chinese vessel Hsiang. The latter sank and 30 of the 101 Chinamen on board were drowned. The Haversham Grange brought the remaining 71 Celestials to this port.

LIBERTY IS GIVEN MRS. STANDIFER

Fainted When Speeches Were Made In Her Defense.

BABY WAS PRSENT IN COURT

Sisters of Mrs. Standifer Sat Near and Were Stirred by the Trial—Jury was Quickly Secured and a Verdict Soon Given.

Atlanta, April 30.—"We, the jury, find the defendant not guilty."

That was the verdict reached in less than ten minutes in the case of Mrs. Willie Standifer, who was tried in the criminal branch of the superior court Friday for the killing of her sister, Miss Chapell Whisenant, on March 9th last.

The verdict was received in silence that was oppressive. The stillness was so intense that the breathing of the people in the packed court room was audible.

There would probably have been an outburst of applause if Judge Roan had not commanded that there should be no demonstration, no matter what the verdict was.

That was why the verdict was received with such deep silence.

The women who sat near the prisoner, her sisters and her friends, dropped their faces in their hands and wept.

Mrs. Standifer looked about her like a frightened child, and clasped and unclasped her fingers nervously.

The last chapter in one of the most pathetic tragedies that ever occurred in Atlanta had ended.

A poor, frail woman, upon whom death is about to set its seal in "consumption's ghastly form," had been arraigned at the bar of justice for slaying her own sister. Her plea was that she was so goaded to desperation by a heartless husband, who had found in her young sister a victim for his faithlessness, that she became so madly insane that she slew the sister to save her from dishonor, and to protect herself and little child from the social ruin that must follow.

The jury was out only nine minutes, and a half when they announced that they were ready with a verdict. Edgar Thompson had been chosen foreman, and he handed the slip of paper to the clerk of the court, who took it and read:

"We, the jury, find the defendant not guilty."

The story had all been told, and Mrs. Standifer left the court room with her sisters and lady friends, a free woman in the eyes of the law, and doubtless in the sight of that God whom she appealed in the last words of her statement to the jury.

At one time while Mr. Westmoreland was speaking to the jury Mrs. Standifer fainted, and her sisters had to revive her by throwing water in her face.

There have been many touching scenes witnessed in the criminal superior court of Fulton county, but never one more laden with pathos than that of this case, when a woman was arraigned at the bar of justice for the slaying of her own sister.

There were tears in the eyes of women and men, but the eyes of her whose life and liberty were in the hands of the jury, were dry and cold. Whatever affection had once moved her soul had dried up when a faithless and heartless husband caused her to shoot to death a sister who had been the playmate of her girlhood.

Temporary insanity at the time of the commission of the deed was the plea of the defense, and it was apparent to all who looked upon the prisoner at the bar that her mind was yet unbalanced because of the terrible tragedy which had blighted her life. Not even the prattle of the little child, her child and his who had caused the crime, seemed to move her.

Celebrated Vassar's Birthday.

Poughkeepsie, N. Y., April 30.—Vassar college Friday celebrated the birthday of Mathew Vassar, "founder's day." President Hadley, of Yale, was the guest of honor and made an address in the assembly hall.

TRUE TO PROMISE CAPT. STROBHAR CAME

Would Not Consent to Extradition, But Returned Alone.

SURRENDERED TO SHERIFF

After Being Cleared in Georgia Courts on Charge of Embezzlement, He Voluntarily Returns to Gainesville and Surrenders to Sheriff.

After having been acquitted by a jury of his countrymen in the superior court of Fulton county, Georgia, at a recent session of that court in Atlanta, upon a charge of embezzlement from the Atlantic Coast Line Railroad Company of two checks, aggregating $1,700, while employed as agent of the said line in Gainesville, Captain J. N. Strobhar was released from the custody of the Georgia officials, and immediately returned to his home here, having reached here via the Gainesville and Gulf railroad Monday morning. He went immediately to the office of Sheriff Fennell and surrendered, was placed under arrest as a formal proceeding, and was immediately released upon bond for his appearance before the justice court Friday, when he retired to his hotel, the Brown House. En route, however, from the court house to the hotel, he was besieged by his numerous friends, all of whom shook his hand cordially and assured him that they were glad to welcome him home again.

Story Well Known.

The story of Captain Strobhar's case is so well known, and has been so well covered, that it is needless to go over the same again. Everyone knows that he was for years agent of the Atlantic Coast Line here, and that during that time he was a very popular man. Everyone knows that he left here and went to Montreal, Canada, and soon afterwards the railroad company accused him of the misappropriation of the checks aggregating the $1,700, and that, after considerable delay, he was returned to the Georgia authorities by requisition proceedings upon this charge. The sequel of this proceeding was told in the first paragraph of this article, and Captain Strobhar was given the freedom of the birds. Immediately after the release of Captain Strobhar from the Georgia courts, a requisition was presented from Governor Broward to Governor Terrell of Georgia for the custody of the defendant, but was refused. Captain Strobhar stated that he was perfectly willing to return to Gainesville, and intended to do so, but did not propose to be humiliated by returning under arrest, or under the surveilance of an officer.

Captain Strobhar was released, and as soon as he had concluded his business in Atlanta, purchased a ticket for Florida. On Sunday, the 29th inst., he wired the following to Sheriff L. W. Fennell, of this county:

"Am leaving for Gainesville. Will reach there by Gainesville and Gulf tomorrow morning. Will report at your office. J. N. STROBHAR."

True to his promise, Captain Strobhar arrived at the time announced, and went immediately to the sheriff's office, where he was arrested and gave bond for his appearance at the proper time.

Captain Strobhar's Story.

Captain Strobhar was seen in his room Monday afternoon. He appeared in the best of spirits, and was looking exceptionally well. Asked to express himself, he was perfectly free, and said:

"I was arrested in Canada on an alleged violation of the Florida laws. I had attempted to go to Florida before arrest, but the prosecution threatened to arrest me if I crossed the Canadian line. As soon as I had arranged for my defense in Florida and was ready to go, the prosecution dismissed the case against me, stating in open court that they had a stronger case in Georgia against me than they had in Florida, and in substance said that they could not convict me in Florida; hence they at once started proceedings to take me to Georgia.

"At the last court held in Alachua county the prosecution refused to make an attempt to indict me, saying that they had a better case in Georgia. I have stood my trial in Georgia, and have been acquitted, and when released from custody and allowed to go wherever I pleased, I took the train for Gainesville, my old home, knowing my innocence, and not being afraid to meet any charges that the prosecution may bring against me.

"I arrived here today, and immediately went to the sheriff's office and delivered myself into his custody, and was arrested for the same old charge.

"I have been cleared once by the jury, but suppose I will be compelled to undergo another trial."

A great deal of interest is being manifested in the trial of Friday, as Capt. Strobhar, who has been a resident of Gainesville for many years, has many friends here. He was always progressive, and was heart and soul with anything for the benefit or advancement of the city.

AWFUL PSORIASIS 35 YEARS

Terrible Scaly Humor In Patches All Over the Body—Skin Cracked and Bleeding—Itching Unbearable—Cured by Cuticura in Thirty Days at Cost of $4.75.

ANOTHER WONDERFUL CURE BY CUTICURA

"I was afflicted with psoriasis for thirty-five years. It was in patches all over my body. I used three cakes of Soap, six boxes Cuticura Ointment, and two bottles of Cuticura Resolvent. I bathed with the Soap, applied the Ointment once a day, and took the Resolvent as directed. In thirty days I was completely cured, and I think permanently, as it was about five years ago.

"The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the center a spot about the size of a silver dollar of sound flesh. In a short time the affected circle would form a heavy dry scale of a white silvery appearance and would gradually drop off. To remove the entire scales by bathing or using oil to soften them the flesh would be perfectly raw, and a light discharge of bloody substance would ooze out. That scaly crust would form again in twenty-four hours. It was worse on my arms and limbs, although it was in spots all over my body, also on my scalp. If I let the scales remain too long without removing by bath or otherwise, the skin would crack and bleed. I suffered intense itching, worse at nights after getting warm in bed, or blood warm by exercise, when it would be almost unbearable.

"To sum it all up, I would not go through such another ordeal of affliction for thirty-five years for the State of Kansas. (signed) W. M. Chidester, Hutchinson, Kan., April 20, 1905."

Cuticura Soap, Ointment, and Pills, are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston. Mailed Free, "How to Cure Torturing Humors."

THE EXTRADITION.

Provision Under Which Requisition for Mr. Strobhar Was Denied.

The following is the section of the treaty between the United States and Great Britain, promulgated March 25, 1890, under which Governor Terrell of Georgia denied the requisition of Governor Broward of Florida for J. N. Strobhar:

"No person surrendered by or to the high contracting parties shall be triable or be tried for any crime or offence committed prior to his extradition other than the offense for which he was surrendered, until he shall have had an opportunity of returning to the country from which he was surrendered."

It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cure of this most common ailment. It always cures and is pleasant to take. For sale by all druggists.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

1,000 Immigrants Deported.

New York, April 30.—One thousand immigrants were deported Friday as contract labor, their deportation being one of the largest ever made under the contract labor laws. They were detected during the recent record-breaking spring inrush of immigrants which has been pouring through Ellis immigration station for the past fortnight. The men came mostly from Greece, Montenegro, Bulgaria and Servia, and were attracted to this country, the immigration authorities charge by offers of wages averaging $2.50 per day.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co

Not If as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The eminent physician cannot prescribe a bottle preparation for colic and diarrhoea, both for children and abults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser, of 14 Warrenton Street, Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—

"I suffered misery for several years with female irregularities. My back ached; I had bearing-down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers, of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:—

"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month.

"My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing-down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years she has, under her direction and since her decease, been advising sick women free of charge.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

UNION PICNIC WILL BE A BIG THING

Estimated That 800 to 1,000 People Will Take Advantage.

WILL GO TO SILVER SPRINGS

One of the Most Romantic and Picturesque Spots in Florida, Backed by Plenty of History—Special Train Wednesday at 7 O'Clock.

A great deal of interest is being manifested by the people of the city, especially those connected with the Sabbath schools of the various churches, in the matter of the grand union picnic, which will be given to Silver Springs and return tomorrow. As has already been announced in The Sun, the Methodist, Baptist and Presbyterian Sunday schools have consolidated in their determination for the regular annual picnic, and propose to reward the faithful scholars with a good time. It was decided to hold the picnic at Silver Springs, one of the most beautiful, most romantic and most historical spots in all Florida, and arrangements have been made for a special train, which will leave Gainesville at 7 o'clock Wednesday morning, returning at a convenient hour, which will be announced in due time. This train will consist of ten coaches, and will be provided with all modern comforts.

The committee desires The Sun to extend to the other Sabbath school classes of the city, as well as the public generally, an invitation, assuring them that all will be welcome. Silver Springs is truly a wonderful place, and it is surely worth the time spent to visit the place. For a distance of ninety feet a silver dime is plainly visible, so clear is the water. There are many places of historic interest in the spring, especially one point designated as the "Lady's Chamber," where it is said a long time ago a lady was drowned, and when her body was discovered, forty feet below the surface of the water, it was easily reclining in a formation of roots the very likeness of a chair. This chair, notwithstanding that it is forty feet or more below the surface of the water, is as perfect and plain as if it were in the open air. There are many other places of interest, including the famous Silver Springs run, and a day spent on Silver Spring is a day never to be forgotten.

In order that all may attend, the rate has been fixed very reasonably. The fare for adults, round-trip, will be 60 cents, and children 30 cents.

In speaking of the excursion Monday, a member of the committee stated that he felt sure the crowd would be large, as he calculated about 800 to 1,000 would take advantage of the cheap rate for a day's outing.

An abundance of ice water will be served on the train, and free lemonade will be provided on the picnic grounds.

Declares Vinol is the Best Cod Liver Oil Preparation.

There has been a good deal of discussion in Gainesville regarding the merits of cod liver oil preparations, and whether or not cod liver oil and emulsions that upset the stomach have any medicinal virtue; therefore, the following letter from M. A. Cassidy, superintendent of schools, Lexington, Ky., will be read with interest:

"I am pleased to state that after having used and tested the different cod liver oil preprations on the market, I find Vinol to be far superior to them all. It is palatable and pleasant to the taste, in fact, the oily, fishy taste of cod liver oil is done away with entirely, and the curative and strengthening properties of Vinol are truly remarkable.

"Vinol built up my system, strengthened my nerves and made a new man of me, and I heartily endorse it as the most efficacious and agreeable cod liver oil preparation on the market."

Our local druggist, Mr. W. M. Johnson, when asked his opinion in regard to Vinol, replied: "We firmly believe Vinol to be the best preparation of cod liver oil, therefore, the greatest strength-creator and health-restorer known to medicine today. We have never sold anything in our store equal to Vinol to build up the system, strengthen the nerves, cure indigestion, chronic coughs, colds, bronchitis and incipient consumption, or to make growing children robust and give strength and vigor to the aged, and to make the weak strong and the sick well.

"It is for this reason that we offer to give back the money in every case where it fails." W. M. Johnson, Druggist.

ARMSTRONG WAS LATE.

Show Did Not Appear Last Night, But Will be Ready Tonight.

Owing to the fact that the train bearing the Armstong shows, which were to have opened a three-day engagement last night, was late, the management did not have the time to erect the tent in time for the performance last night, notwithstanding that a small army was at work during the late afternoon.

The Armstorg Electric Show is, as the name indicates, a combination of electrical effects, moving pictures, interspersed with specialties of a vocal and terpischorean nature, and enjoys throughout the State a reputation as one of the cleanest and best shows in the country. It is what might be termed a "family affair," as there are only seven in the troupe, and four-fifths of the seven are members of Mr. Armstrong's family. However, they have a reputation for being clever, and will no doubt make a good hit here.

The tent will be located on the Elk's lot, opposite the city hall, and the company will be ready for business this evening. Just before opening of the doors there will be a free double-trapeze act by the Armstrong children, in front of the tent

THE STORES WILL CLOSE

Beginning Today, Merchants Will Give Faithful Clerks a Rest.

As is the custom during the summer months of each year, the merchants have agreed to close their respective stores at 6:30 o'clock p. m. daily, from May 1st to October 1st. The petition was circulated among the merchants a few days ago, and was signed by every one with two exceptions.

This action on the part of the employers is highly appreciated by the clerks, who labor faithfully on an average of fifteen hours a day in their interests. While it is no more than they should do during the dull summer months, nevertheless it is done with a willingness, and has a tendency to make the clerks feel all the more interest in the success of those for whom they are toiling.

AN OPEN LETTER

From Willis W. Colson, Tax Assessor of Alachua County.

To the Democratic Voters of Alachua County:

Time is so limited and the duties of the office so pressing that I shall not be able to make a personal canvass before the primary date arrives, therefore I have employed this method of pressing my claims for the nomination.

It is a time-honored custom of our grand old Democratic party to reward a faithful official with at least a second term, and as I have been true to every trust imposed upon me by this important position there is no good reason why this cherished rule should now be violated.

I do not present myself as a public servant without some personal faults, and free from official errors or mistakes, but am conscious of none which cannot be placed on a common plane with imperfect humanity.

Since entering upon the duties of this very responsible position it has been my constant aim and effort to improve the records of the office and the financial condition of the county.

As evidence of my success there is now in the assessor's office large and carefully prepared township plats of the entire county upon which the names of land owners are indicated, thus avoiding confusion and trouble in descriptions, and rendering double assessments of seldom occurrence.

As to the financial improvement, will only refer to the tax book of 1905, which shows a healthy increase of nearly three-fourths of a million dollars above the amount when I came into office, and this increase has been made without affecting the ordinary property owner, as hundreds of taxpayers can attest.

It is reported that I am to blame for taxes being higher last year than common. No honest citizen would knowingly charge another with a thing of which he is not guilty. The tax rate or levy is made by the county commissioners and the State authorities, and if taxes are low they should be praised, and if they are high—well, don't abuse the poor tax assessor. If left to me I am sure your burden of taxation would be light, for I am always anxious to please the people whom I serve.

Being fully assured that on the 15th of May I will be dealt with as I deserve, and wholly relying on the justice of my claims and the good judgment of an honest citizenship, I now leave my case in your hands.

Your humble servant,
WILLIS W. COLSON.
Gainesville, Fla., May 1st, 1906.

Simple Way to Cure Catarrh by Hyomei Without Stomach Dosing.

It is the height of folly to dose the stomach with internal medicines to cure nasal catarrah. It cannot be cured except the catarrhal germs that are present in the nose, throat and lungs have first been killed.

The soothing air of Hyomei heals the smarting and raw membrane of the air passages in the nose, throat and lungs, kills off the catarrhal germs and rids the system of the last traces of catarrh.

The complete Hyomei outfit consists of a hard rubber inhaler which can be carried in the purse or vest-pocket, a medicine dropper, and a bottle of Hyomei, and costs only one dollar, while extra bottles can be obtained for 50 cents.

J. W. McCollum & Company guarantee a cure when Hyomei is used in accordance with the simple directions on the package, or J. W. McCollum & Company will refund the money. This certainly shows their faith and belief in the virtues of Hyomei.

It is funny that nobody ever heard of President Fairbanks taking such liberties with the Senate as "Uncle Joe" does with the House.

If the President is through with the muckraker and the whitewasher, he might give us a few thoughts on the man who does not mine coal.

It looks as though the President's income tax talk would be a severe strain on the admiration that John D. Rockefeller has expressed for him.

A college professor says an education is "a transformation from an indefinite incoherent homogeneity by a series of differentiation." The professor hit the nail squarely on the head, all right, all right. He had better take something for that at once.

A countryman gave the following reason for not subscribing to a local newspaper: "I get all the news there is. My wife belongs to the woman's club, one of my daughters works in the millinery shop, and the other is in the delivery window in the postoffice, and I'm the village grocer."

James T. Wetherald, the well known Boston advertising agent, has been appointed a member of the Board of Sinking Fund Commissioners, who have control of and the distribution of the city's permanent funds, amounting in Boston to over thirty millions of dollars. There are five Boston business men selected to serve on this commission for a term of three years each. It is considered the most honorary, unsalaried position within the gift of the city.

REMOVE THE TARIFF.

It would be remarkable if the San Francisco earthquake should open the door for tariff talk in Congress despite the assertion of the Speaker that the tariff should not be discussed in the House and the notorious disinclination of the Senate to have anything done. Yet, it looks as though this were just what might happen. The bill to remove the duty on structural steel and other building material for the benefit of the earthquake sufferers has already been introduced in the House and will assuredly be passed, as have been and will be all other relief measures. Leaving the mere question of humanity aside, there is good precedent for such action in the case of the Chicago fire when structural steel was much less a necessary constituent of buildings than it is now. Moreover, all of the great buildings of San Francisco will be steel of frame-make, as it has been abundantly proved that they are the nearest to earthquake proof and fireproof structures that can be built. San Francisco never wanted such an awful demonstration as has been furnished, but for a decade past there has been the greatest curiosity on the part of architects and engineers to know how the steel frame buildings would stand a good shake. Now they know, and hereafter it will be steel structures for the Pacific coast.

But the country is now in the midst of a steel famine and all the mills are booked with orders almost a year ahead. Therefore unless the rebuilders of unfortunate San Francisco are to be penalized in the interests of a protective tariff, they will have to be allowed to enter the markets of the world and get their steel where it can be had the cheapest. When the bill is up, however, it will be hard to keep it from being the subject of discussion, and the question naturally will be asked why the rest of the country should be compelled to continue paying tribute to the Steel Trust. Everyone knows that the United States is today making steel and all sorts of steel products better and cheaper than they can be made in any other country in the world. When the question is taken up and the door opened for questions, it will be hard to stem the tide of tariff talk in the House and entirely impossible to be so in the Senate unless the bill is brought in under a special rule, which the leaders will be very loath to do. Of course such a thing as general tariff revision at the present session is out of the question. But there is room for any number of interesting and awkward questions and there are enough confessed revisionists in both houses to stir up the debate once they are given a chance.

Two hundred hears ago there was a law passed in France making it a crime for any nobleman to shoot more than two work people during any one day. The law came about in this way: The scions of the nobility would go out hunting and when game was scarce, they were given to shooting at the peasantry just to show their marksmanship, and the thing had gone on until many thousands were maimed and injured so that it inconvenienced the owners of lands, and their protests gave rise to the law. In this age, while the scions of our nobility of wealth go dashing over the country in autos, showing how fast they can run, killing people and destroying property every day, we should pass a law that if they run over more than two people in any one day they shall be fined fifty cents and costs. Why not do the thing right, if we are to ape the royalists?

There is one satisfaction, and that is if Father Gapon brings a lady with him to America we will know in advance that it is somebody else's wife.

HON. FRANK CLARK.

Albert M. Williamson, editor of The Floridian, published at Jacksonville, pays the following tribute to Hon. Frank Clark, the distinguished and able Congressman from this, the second district:

"We didn't vote for Hon. Frank Clark when a candidate for Congress from this district, but we are here to tell you now that 'Oklahoma Frank' is right there with the goods in his attitude as a representative of the people he is now serving in Congress.

"Personally, Frank Clark is one of the most fascinating men we have ever met, and he is making such a representative that all Floridians may well look upon with pride. We need more just like him. But while it is easy enough to find men who are able to 'look distinguished,' these same men too often 'give themselves away' the very moment they begin to impress their superiority upon others.

"Having said so many real mean things about Mr. Clark as we did in the last campaign, we doubtless ought to give our present ideas of the man in 'homeopathic doses,' but we tell you now that Frank Clark has already taken a front rank among the big men in the House of Representatives; and State pride, if nothing else, will cause us to make this acknowledgment."

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Veteran Dies In New Orleans.

New Orleans, April 30.—James T. Carter, a confederate veteran from Oakland, Tenn., died in the hospital Friday as the result of injuries received in a street car accident Thursday night. Mr. Carter had engaged with a number of veterans to go with a party of ladies to the ball and was run down while trying to hail a car at Magazine and Josephine streets. He was a farmer, and leaves a widow and six children, five of whom live in Memphis. He was a native of Alabama, and served through the war with the Ninth regiment from that state. He passed away as his comrades were marching in the parade.

Block Flew in His Face.

Monticello, Ga., April 30.—While at work in the bobbin factory here Friday afternon Walter Tyler, about 20 years old, happened to a very painful if not fatal accident. Tyler was feeding blocks into the saw when one rebounded and struck him in the forehead, lacerating one of his eyes and bruising his face considerably. Physicians were hurried to the scene and the wounds treated, but it is reported that the young man has lost the sight of his eye and that he is in a precarious condition.

Fortunate Missourians.

"When I was a druggist at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. ON PATRIOTS OF THE SOUTH

Depends the Safety of the Nation, Is Declaration of Loomis.

New York, April 30.—Speaking of the southern states at a banquet of the Southern Society, Francis B. Loomis, former assistant secretary of state, said:

"The uncontaminated, uncalculating American as found in the south promises to be a potent, constructive and saving influence at a time when people are talking feverishly of strained economic conditions, or political unrest and social upheaval.

"We have been told with lavish expenditure of language, that pretty much everything is wrong. Furthermore, we are informed that no government can be counted a success which permits the rich to grow richer while the poor grow poorer.

"Certain of the counts in the indictment, unfortunately, are justified. In so far as ideals of the commercial and public conduct have been elevated and better standards of political morality evolved, the present agitation has been invaluable.

"I am sure that in this period the possessors of the undiluted American blood of the south will see clearly and act wisely. They will recognize realities and conditions as they actually are."

RHEUMATISM

TROUBLESOME PAINS AND ACHES

While Rheumatism is usually worse in Winter because of the cold and dampness of a changing atmosphere, it is by no means a Winter disease entirely. Persons in whose blood the uric acid, which produces the disease, has collected, feel its troublesome pains and aches all the year round. The cause of Rheumatism is a sour, acid condition of the blood, brought about by the accumulation in the system of refuse matter, which the natural avenues of bodily waste have failed to carry off. This refuse matter coming in contact with the different acids of the body, forms uric acid which is absorbed by the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. Rheumatic persons are almost constant sufferers; the nagging pains in joints and muscles, are ever present under the most favorable climatic conditions, while exposure to dampness or an attack of indigestion will often bring on the severer symptoms even in warm, pleasant weather. Liniments, plasters, lotions, etc., relieve the pain and give the sufferer temporary comfort, but are in no sense curative; because Rheumatism is not a disease that can be rubbed away or drawn out with a plaster. S. S. S. is the best treatment for Rheumatism; it goes down into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the thin, sour blood, cures Rheumatism permanently. Being made entirely of roots, herbs and barks, S. S. S. will not injure the system in the least. Book on Rheumatism and any medical advice without charge.

TOWN OF TRENTON IS GROWING FAST

Many New Business Enterprises Established There.

A HANDSOME BRICK BLOCK

Will be Among the Next Buildings to be Erected, Which Will be Occupied by Mr. Davis—Hardy Bros. Will Also Erect a Store Building.

A representative of The Sun had the pleasure of spending the day Friday with his friends at Trenton, and found them to be the same clever people which has characterized them always and under all circumstances.

Trenton is indeed on a boom, and within the next few years is destined to become the metropolis of the Suwannee river country. The extension of the Jacksonville and Southwestetn railroad to that point has brought new life and vigor into the town, with the result that new settlers are coming almost daily, and building has assumed important proportions.

Among the latest new commercial enterprises in Trenton is the mercantile business, comprising a general store, just opened by G. W. Miller and Geo. W. Livingston, two prominent and popular young men. They propose to carry a nice line, and will no doubt do well, as both have many friends.

Another new enterprise for Trenton, and one which is destined to prove of much convenience and comfort to the people of that thriving town, is a market and cold storage, which has just been established by R. H. Doke, formerly of this city. Mr. Doke is also well known and popular, and inasmuch as he declares he will run an up-to-date place or nothing, his efforts will no doubt prove profitable. Mr. Doke is possessed of that nature which is bound to bring him success.

The latest rumor in the matter of building in Trenton is that Perry M. Colson will erect a fine brick store building, which will be occupied by Mr. Davis. Hardy Bros. will also erect a store, which they hope to occupy in a short time.

On waking Wednesday morning Hall says he was very much alarmed to find that his wife had gone, and he went immediately to his nearest neighbor, E. Moore, in the hope of securing some infromation. He was informed by Mrs. Moore that Mr. Moore had also mysteriously left home. Hall returned home and found that all his cash was gone and nothing left him but his little babe. Mr. Moore was a man of very high standing and has a large family.

Both Mr. Hall and the Moore family began inquiring into the matter, but have not been successful in finding any information as to their whereabouts. Hall says he had never suspected anything.

Murder is Still a Mystery.

Bristol, Tenn., April 27—The murder of Mrs. Mollie Glover, who was murdered while asleep at the house of Sylvester Luttrell, is still a mystery, and the police are puzzled. After the woman was found in the bed with her head split open with an ax and chopped almost entirely off, Sylvester Luttrell was arrested, and is still held on suspicion, though evidence adduced in the investigations of the coroner's jury would seem to establish his innocence. The coroner's jury is still making investigations and hearing evidence.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,

JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,

Palatka, Fla. BENJ. P. CALHOUN

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.

Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.

JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of Mch. 20th, the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.

H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (32d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully.

H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.

WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county.

Respectfully, THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.

Alachua, Fla. CHAS. HODGE.
